STANDARD FEATURES

Package Mechanical Interior Exterior Safety

Package

- Trailing Package
 - Trailer Hitch¹
 - Trailing hitch platform
 - Includes a 2" receiver hitch, 4-pin and 7-pin connectors
 - 7-wire electrical harness and 7-pin sealed connector for connecting your trailer's lights and brakes to your vehicle
 - Automatic locking rear differential
 - Hitch Guidance²

¹ Before you buy a vehicle or use it for trailering, carefully review the trailering section of the owner's manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

² Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle's owner's manual for important feature limitations and information.

- GMC Pro Safety
 - Forward Collision Alert¹
 - Following Distance Indicator¹
 - Front Pedestrian Braking¹
 - Lane Keep Assist with Lane Departure Warning¹
 - Automatic Emergency Braking¹
 - Buckle to Drive¹
 - Safety Alert Seat¹ on AT4, AT4X, Denali and Denali Ultimate
 - Automatic Emergency Braking¹ on Denali Ultimate
 - Certain vehicles built on or after 6-13-2022 will be forced to include Not Equipped with Super Cruise and Enhanced Automatic Emergency Braking, which removes Enhanced Automatic Emergency Braking and applies Automatic Emergency Braking and also removes Super Cruise and replaces with Lane Keep Assist with Lane Departure Warning.

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

Mechanical

- Pickup bed
 - Roll-formed high-strength steel
- 5.3L EcoTec3 V8 engine
 - 355 hp [265 kW] @ 5600 rpm
 - 383 lb-ft of torque [518 Nm] @ 4100 rpm
 - Paired with a 10-speed automatic transmission
 - Certain vehicles equipped with L84 engines with an 10-speed automatic transmission are not equipped with Dynamic Fuel Management. Contact a dealer for details about a specific vehicle
 - Vehicles not equipped with Dynamic Fuel Management technology will be less fuel efficient
 - May require additional optional equipment
- 10-speed automatic transmission with Electronic Precision shift and front bucket seats
 - Electronically controlled transmission with overdrive and Driver Shift Control
 - Tow/Haul mode reduces shift cycling for better control and improved cooling when towing or hauling heavy loads
 - Powertrain Grade Braking
 - Automatically uses the engine and transmission to slow the truck to maintain desired speeds when driving downhill
 - Reduces brake wear and increases vehicle control
 - Cruise Grade Braking

- Downshifts automatically to slow the truck as it drives downhill if it exceeds the cruise set speed by a certain amount
- May require additional optional equipment
- 3.23 rear axle ratio
 - May require additional optional equipment
- 7,100 lbs. GVWR
 - When properly equipped; includes weight of vehicle, passengers, cargo and equipment
- Push Button Start
- Heavy-Duty Air Filter
 - Thick construction helps to trap more dirt before it can enter the air intake
 - May require additional optional equipment
- Electronic Transmission Range Selector
 - Console mounted
 - Includes steering column paddle shifters
 - May require additional optional equipment
- Automatic Stop/Start
 - At complete stops, when drivers keep their foot on the brake pedal, and under certain conditions, the engine shuts off
 - When drivers remove their foot from the brake, the engine automatically restarts
 - Under certain circumstances, the engine will not shut off at a complete stop
 - This feature can be disabled with a switch on the center stack
- Hill Descent Control
 - Uses antilock braking to help provide a smooth, controlled descent
 - Helps driver maintain control of the vehicle without depressing the brake pedal
 - Activates by pushing a button below the instrument panel
 - May require additional optional equipment
- Automatic locking rear differential
 - When the differential senses a significant difference in wheel speed, it locks to turn both rear wheels in unison for added traction
 - The Eaton[®] Locker senses a difference in wheel speed of approximately 100 rpm
- 2-speed Autotrac Transfer Case
 - 2WD HI mode
 - Vehicle operates in 2-wheel drive
 - In this mode the transfer case & front driveline hardware are disengaged to improve fuel economy
 - Suitable for routine driving on all road surfaces
 - 4WD Auto mode
 - 4WD Auto enables the transfer-case to provide the performance benefits of a full time active AWD system
 - The 4WD Auto controls automatically adjust torque in response to parameters such as driver inputs, wheel slip control, vehicle dynamic state (understeer/oversteer)
 - Ideal for wet or wintry conditions, but can be used on any road surface. Suitable for light off road usage
 - 4WD HI mode
 - Transfer case engages front driveline and power is transferred to both the front & rear axles
 - In 4WD HI the transfer case clutch maintains higher preemptive torque levels for increased traction vs 4WD Auto
 - Suitable for use on slippery road surfaces or off-road conditions such as deep sand, snow or rough terrain
 - 4WD LO mode
 - In 4WD Low the transfer case clutch maintains a high preemptive coupling torque to maximize traction and improve wheel control when climbing or descending steep grades or obstacles
 - Suitable for off road usage, steep terrain, deep snow or sand
 - Ideal for off road driving to maximize low speed traction and increase control on steep grades
 - Neutral
 - ONLY used for towing vehicle (Dinghy tow capability)- allows vehicle to roll freely
 - May require additional optional equipment
- Denali Premium Suspension with Adaptive Ride Control
 - Monitors each wheel independently during your drive, adjusting vertical suspension every 2 milliseconds to maintain a smooth ride

- Uses a Continuous Damping Control Suspension system to adjust to the road every 2 milliseconds— delivering a quiet and comfortable ride
- Real-time damping system uses a dual coil receptor, which improves responsiveness to quickly changing road conditions
- Enhanced ride and handling in a variety of road surface conditions
- Selectable Sport mode automatically adjusts suspension tuning, transmission shift points and steering gain
- Uses electro-magnetism to change the damper fluid's properties (no moving valves)
- Enhances traction and allows more precise steering
- Four wheel drive
- External engine oil cooler
 - Heavy-duty air-to-oil cooler
 - Helps prevent possible engine oil breakdown under heavy loads
- External auxiliary transmission oil cooler
 - Heavy-duty air-to-oil cooler
 - Helps provides optimal transmission performance even when operating under a heavy load or towing a trailer
 - May require additional optional equipment
- 170-amp alternator
 - May require additional optional equipment
- Heavy-duty 730 cold-cranking amps battery
 - 80 Amp-hr
 - Maintenance-free with rundown protection and retained accessory power
 - May require additional optional equipment
- Fully boxed frame
 - Hydroformed front section
 - High-strength steel
- Integrated trailer brake controller
 - Integrated with the antilock brake system (ABS)
 - Helps provide measured brake force signaling to electric-controlled trailer brake systems
 - Trailer gain and output are displayed in the Driver Information Center
- Chrome vertical recovery hooks
 - Two front frame-mounted¹

¹ To avoid the risk of injury, never use recovery hooks to tow a vehicle.
- Cargo tie-downs
- Electric Power Steering
 - Increases or decreases the amount of assist depending on the steering wheel angle
 - Electric, rack-mounted with variable assist
 - The system delivers great on-center precision and confident performance at higher speeds
 - Steering assist is greater during low-speed maneuvers, such as parking
- 4-wheel antilock disc brakes
 - Help reduce wheel lockup and maintain steering control during hard braking on most slippery surfaces
 - Duralife brake rotors have better resistance to corrosion to increase rotor life, minimize brake pulsation, and improve aesthetic appearance
 - Brake system features a corrosion-fighting process called "Ferritic Nitro Carburizing" which can double rotor life expectancy and reduce or minimize rust
- Capless fuel fill
 - Prevents paint scratches that can result from a tethered fuel cap
 - Creates a tight seal around the fuel-pump nozzle when the nozzle is fully inserted
- Dual-outlet exhaust
 - Integrated into rear bumper
 - Aluminized stainless-steel muffler and tailpipes
 - May require additional optional equipment
- Aluminized stainless-steel muffler and tailpipe

Interior

- 13.4" diagonal GMC Premium Infotainment System with Google built-in
 - 13.4" diagonal GMC Premium Infotainment System with Google built-in, includes multi-touch display, AM/FM/SiriusXM¹ radio capable
 - Bluetooth^{®2} streaming audio for music and select phones

- Wireless Apple CarPlay™ capability for compatible phones³
- Wireless Android Auto™ capability for compatible phones⁴
- Customize and manage entertainment and vehicle feature settings through the 13.4" diagonal touch-screen display
- Use, control and manage select smartphone apps through the Infotainment system
- Voice-activated technology for phone

- Steering-wheel mounted controls

- Allow the driver to easily operate the audio system and phone interface controls

- May require additional optional equipment
 - Wi-Fi® hotspot capable
 - Terms and limitations apply. See [onstar.com \(http://onstar.com\)](http://onstar.com) or dealer for details.
 - May require additional optional equipment
 - Front bucket seats
 - Includes center console
 - May require additional optional equipment
 - 10-way power driver seat with power lumbar
 - Moves the seat forward and back, and up and down
 - Tilt the seat cushion and seatbacks
 - 10-way power front passenger seat
 - Forward and back
 - Up and down
 - Tilt seat cushion back and upright
 - Recline seatback up and down
 - Includes 2-way power lumbar
 - Heated driver and front outboard passenger seats
 - Separate buttons on the climate control panel allow you to choose from 3 levels of warmth
 - At the touch of a button you can warm the cushions and seatbacks with multilevel temperature control
 - Individually controlled
 - Seats can be programmed to automatically warm up when it's cold out
 - Certain vehicles built on or after 3-14-2022 will not be equipped with heated driver and front outboard passenger seats
 - Driver memory
 - Recalls 2 driver presets for 10-way power seat and outside mirrors
 - May require additional optional equipment
 - Ventilated driver and front passenger seats
 - Separate buttons on the climate control panel allow you to choose from 3 levels of fan circulation
 - Individually controlled
 - Cooling feature includes both seatbacks and cushions
 - Certain vehicles built on or after 3-14-2022 will not be equipped with ventilated driver and front passenger seats
 - May require additional optional equipment
 - Up-level rear seat with storage package
 - Full-length bench seat
 - Seatback storage on left and right side
 - Center fold out armrest with 2 cupholders
 - Underseat storage (full cab width)
 - Heated rear outboard seats
 - At the touch of a button you can warm the cushions and seatbacks
 - Provide comfort in cold weather for passengers in the rear outboard seating positions
 - Certain vehicles built on or after 3-14-2022 will not be equipped with heated rear outboard seats
 - May require additional optional equipment
 - Front center console
 - Includes reconfigurable feature with cupholders, cell phone storage, power cord management, file holder capacity, removable storage tray and Wireless Charging¹
 - May require additional optional equipment
- ¹ The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. For a list of GM wireless charging-compatible mobile devices see [my.chevrolet.com/learnAbout/wireless-charging \(https://my.chevrolet.com/learnAbout/wireless-charging\)](https://my.chevrolet.com/learnAbout/wireless-charging). If your device is not on this list, please consult your carrier.
- Carpeted floor covering
 - Color-keyed to match the interior
 - Front carpeted floor mats
 - Helps protect your interior from road debris and the elements
 - Color-keyed to match the interior
 - Denali model has unique premium carpet
 - Denali Ultimate model has premium floor mats with corner applique
 - Rear carpeted floor mats

- Helps protect your interior from road debris and the elements
 - Color-keyed to match the interior
 - Denali model has unique premium carpet
 - Denali Ultimate model has premium floor mats
 - Power tilt and telescoping steering column
 - Allows the driver to adjust the steering wheel up or down, and the steering column forward or back
 - Use the driver memory to save and recall memory settings
 - Provides extra comfort when entering or exiting the vehicle
 - May require additional optional equipment
 - Leather-wrapped steering wheel
 - May require additional optional equipment
 - Heated steering wheel
 - With the press of a button the steering wheel quickly heats up to provide additional comfort on a cold day
 - Certain vehicles will not be equipped with heated steering wheel
 - Feature will not function on certain models without dealer retrofit, see dealer for details
 - Contact a dealer for details or check the window label for the features on a specific vehicle
 - AT4X and Denali Ultimate will retain the Heated Steering Wheel
 - 12.3" diagonal color Driver Information Center
 - Includes driver personalization, warning messages and vehicle information
 - Allows drivers to personalize vehicle features, including warning messages and vehicle information
 - 13.4" diagonal multicolor reconfigurable Infotainment screen
 - In-Vehicle Trailering App
 - Checklist¹
 - Trailer light sequencing
 - Trailer maintenance reminders
 - Trailer security alerts
 - Trailer mileage
 - Tow/haul reminder
 - Trailer electrical diagnostics
 - Includes trailer tire pressure monitoring alert ONLY when (PTT) trailer tire pressure monitor system is factory ordered and sensors are installed
 - Includes trailer tire pressure monitoring alert ONLY when trailer tire pressure monitor system is factory ordered and sensors are installed
 - May require additional optional equipment
- ¹ App functionality and features vary with vehicle equipment and trim level. Device data connection may be required. Available on select Apple and Android devices. Some features require connected vehicle services trial or active plan and working electrical system.
- Compass
 - Located in instrument cluster
 - Outside temperature display
 - Located in infotainment display
 - Brake pad wear indicator
 - Power windows
 - Driver with express-up/down
 - May require additional optional equipment
 - Power windows
 - Front passenger with express-up/down
 - May require additional optional equipment
 - Power windows with rear express-down
 - May require additional optional equipment
 - Power door locks
 - Programmable
 - Allows you to lock and unlock doors easily whether it's from the driver or front passenger seat or from outside using the key fob
 - Keyless Open and Start
 - With the Keyless Entry fob in your possession, conveniently locks and unlocks your car's doors without manually activating the key fob
 - With the vehicle in Park or Neutral, press the brake pedal and then press the start/stop button to start the vehicle; the button will illuminate

- Shift to Park and press the start/stop button to turn off the vehicle
- Remote Start
 - Start your vehicle remotely and step into a comfortably warmed or cooled vehicle, depending on the weather and your preset preferences
 - Locks doors and turns on parking lamps while the engine is running
 - Activates the climate control system
- Universal Home Remote
 - 3-channel programmable
 - Conveniently activates compatible devices such as garage door openers, security systems, and home automation devices from inside your vehicle
 - May require additional optional equipment
- Cruise control
 - Maintains a selected speed while driving
 - Automatically disengages when the vehicle's traction control system needs to limit wheelspin on slippery surfaces or when the StabiliTrak® stability control system detects an oncoming skid
 - Set and resume speed functions
 - Steering-wheel mounted controls to easily maintain and manage cruising speed
- Theft-deterrent unauthorized entry system
 - Sounds the horn and flashes the turn signals when someone attempts to open the vehicle without the proper key or remote transmitter
 - Helps deter unauthorized entry, helping to protect your vehicle
- Wireless Charging
 - Uses induction technology for portable electronic devices¹
 - Convenient charging location at the front of the center console
 - Device may require optional case for phones that are compatible
 - Customers can charge their smartphones while they drive without connecting to any cables
 - May require additional optional equipment

¹ The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. For a list of GM wireless charging-compatible mobile devices see my.gmc.com/learnAbout/wireless-charging (<https://my.gmc.com/learnAbout/wireless-charging>). If your device is not on this list, please consult your carrier.
- USB ports
 - (2) First row, located on console¹

¹ Not compatible with all devices.
- USB ports
 - (2) Data/charge ports located inside center console¹

¹ Not compatible with all devices.
- 120-volt power outlet
 - 3-prong auxiliary household-style outlet
 - Located on the instrument panel
 - Makes it convenient for powering laptops, phone chargers and other electronic devices
 - May require additional optional equipment
- USB ports
 - (2) Charge ports located on rear of console¹
 - On Pro Trim, Beginning with the start of production certain vehicles will be forced to include Not Equipped with USB ports rear which deletes the rear USB ports.

¹ Not compatible with all devices.
- 120-volt box-mounted power outlet
 - 3-prong auxiliary household-style outlet
 - Located in the pickup bed
 - May require additional optional equipment
- Dual-zone automatic climate control
 - Automatically maintains the selected temperatures for both the driver and front passenger
 - Allows individual climate settings for both driver and front passenger
 - Driver and front passenger can choose a temperature up to 30 degrees difference
- Rear air vents
 - Provides cabin comfort for rear occupants
- Rear window defogger

- Helps to keep your rear view clear of fog or frost
- Utilizes a warming grid to help remove fog or frost from the rear window
- Inside rearview auto-dimming mirror
 - Automatically dims the inside rearview mirror when it senses bright light from behind
 - When headlamp glare is no longer detected, the mirror returns to its normal state
- Assist handles
 - Front A-pillar mounted for Driver and Passenger
 - Rear B-pillar mounted
- GMC Connected Access capable
 - Subject to terms. See [onstar.com \(http://onstar.com\)](http://onstar.com) or dealer for details.
 - May require additional optional equipment
- 3 years of GMC Connected Services

Exterior

- 20" multi-dimensional polished aluminum wheels
- 20" 275/60R20SL all-terrain, blackwall tires
- 17" 255/80R17SL all-season, blackwall spare tire
- 17" full-size spare steel wheel with Black finish
- Rear wheelhouse liners
 - Help protect your truck's rear wheelhouse area from damage caused by dirt, rocks, mud, road salt and the weather
 - Certain vehicles built prior to 3-21-2022 and after 4-7-2022 will include rear wheelhouse liners. Certain vehicles built on 3-21-2022 through 4-7-2022 will be forced to include Not Equipped with Rear Wheelhouse liners, which removes Rear Wheelhouse liners. See dealer for details or the window label for the features on a specific vehicle.
- Spare tire carrier lock
 - Helps keep spare tire secure
 - Utilizes the same key as the door and ignition
- Body-color front bumper
- Body-color rear bumper
- CornerStep rear bumper
 - Helps make it easier to get into and out of the pickup bed
 - Located at each end of the rear bumper
 - Textured step pads to help provide secure footing
- 6" chrome rectangular full length assist steps
 - Wheel to wheel, provides easier access to the front of the truck bed closest to the cab
 - Steps make it easier to get in and out of your vehicle
 - Textured step pads help provide secure footing
 - Extends from wheel well to wheel well
- Full chrome surround window moldings
- Grille (Signature Denali grille Chrome header with Signature Chrome Denali Grille.)
- LED reflector (high intensity) headlamps with Fade-on/ Fade-off animation, LED turn signals and Daytime Running Lamps
 - C-shaped LED headlamps with signature lighting and innovative light blade technology
- IntelliBeam auto high beams
 - Can automatically turn the vehicle's high-beam headlamps on and off according to surrounding traffic conditions
 - May require additional optional equipment
- LED fog lamps
 - Help minimize glare in adverse driving conditions
- Perimeter Lighting
- Taillamps, LED LED signature taillight with LED stop, turn & reverse and Fade-on/Fade-off animation
- Heated, power, driver-side auto-dimming, power-folding outside mirrors
 - Puddle lamps
 - Perimeter lighting
 - Memory setting
- Chrome mirror caps
- Rainsense automatic wipers
 - Turn on automatically when sensors detect varying degrees of precipitation on the windshield

- Power sliding rear window with rear defogger
 - Helps to keep your rear view clear of fog or frost
 - Utilizes a warming grid to remove fog or frost from the rear window
 - The window switch is conveniently located in the overhead console for easy 1-touch operation
 - May require additional optional equipment
- Deep-tinted glass
 - Provides added protection from sun and glare
- Cab-mounted cargo area lamps
 - With switch in switch bank left of the steering wheel
 - Illuminates the cargo bed area
- Cargo bed LED lighting
 - Provides light to find cargo in the bed
 - Rear pillar lamps
- GMC MultiPro Tailgate
 - Six function tailgate design to help improve loading, unloading and access the cargo box
- Tailgate with EZ Lift assist, power lock & release
 - Hitch area lighting
 - May require additional optional equipment
- Tailgate and bed rail protection caps
- Chrome door handles
- Spray-on bedliner
 - Provides a Black, textured, non-skid surface that helps protect the bed and minimizes cargo shifting
 - Covers the entire bed surface below side rails, front box top rail, gauge hole plugs and tie-downs
 - Chemically bonded, the sprayed-on liner permanently bonds to the truck bed, providing a watertight seal
 - Includes logo
 - Does not include spray-on liner on tailgate due to Black composite inner panel

Safety

- Automatic Emergency Braking
 - Works with Forward Collision Alert to help you avoid or reduce the severity of a front-end collision with a detected vehicle you're following¹
 - Camera technology is used to automatically provide hard emergency braking or enhance the driver's hard braking
 - This feature works at speeds below 50 mph
 - May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- Front Pedestrian Braking
 - Can help you avoid or reduce the severity of a front-end collision with a pedestrian it detects directly ahead of you¹
 - It provides pedestrian alerts and can even automatically provide hard emergency braking or enhance the driver's hard braking
 - The system works at speeds below 50 mph during the daytime
 - It has limited nighttime and low visibility performance
 - May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- StabiliTrak, electronic stability control system with traction control
 - Automatically helps enhance control, particularly during emergency maneuvers, by adjusting the brakes and engine torque to help you stay on your intended path
 - Activates when vehicle sensors detect a difference between the driver's intended path and the direction the vehicle is actually travelling
 - Includes Traction Control that detects wheel slippage and applies brake pressure and/or reduces engine power to help the driver maintain control when accelerating on wet or snow-covered roads
 - Includes Brake Assist that senses how hard and fast a driver hits the brake pedal and gives extra braking assistance, if required
 - Includes Trailer Sway Control

- Hill Start Assist
- LED Daytime Running Lamps
 - Daytime Running Lamps automatically illuminate signature lighting
- 6 airbags
 - Dual-stage frontal airbags for driver and front outboard passenger¹
 - Seat-mounted side-impact airbags for driver and front outboard passenger¹
 - Head-curtain airbags for outboard seating positions¹
 - Includes front outboard Passenger Sensing System for frontal outboard passenger airbag and illuminates a status light that indicates whether the airbag is on or off¹

¹ Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.
- OnStar® & GMC Connected Services capable
 - Terms and limitations apply. See [onstar.com \(http://onstar.com\)](http://onstar.com) or dealer for details.
- Hitch Guidance with Hitch View
 - Displays a guideline on the Rear Vision Camera view when you're in Reverse to help line up your hitch to your trailer and offers a close-up Hitch View¹
 - When driving, Hitch Guidance with Hitch View allows you to briefly check your trailer connection using the Rear Vision Camera view
 - When Hitch View is in use, automatically applies electric parking brake when shifting to Park
 - May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- Hitch Guidance
 - Displays a guideline on the Rear Vision Camera view when you're in Reverse to help line up your hitch to your trailer¹
 - When driving, Hitch Guidance allows you to briefly check your trailer using the Rear Vision Camera view

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- HD Surround Vision
 - Uses multiple cameras to display a digital overhead image of the area around your vehicle along with Rear Vision Camera or front views¹
 - Front and rear dynamic guidelines laid over the display image assist in parking maneuvers by showing the vehicle's path
 - It works at low speeds and may help you park and avoid nearby objects.
 - You can select additional views on your camera display
 - Includes 2 Trailer Camera Provisions
 - Requires Auxiliary Trailer Camera if one of the following camera views is desired: Transparent Trailer, Rear Trailer View, Picture-in-Picture or Inside Trailer View
 - May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- Bed View Camera
 - Camera in the Center High Mount Stop Lamp (CHMSL) provides an elevated view of the truck bed from the back of the cab¹
 - Allows driver to see inside the cargo bed on the infotainment display to help with 5th wheel or gooseneck hitching and to check cargo
 - Includes 2 Trailer Camera Provisions
 - May require additional optional equipment
